It's simple to add a customizable widget to your website or blog. Here's how:

1. Go to the REALTOR® Content Resource at HouseLogic.com/members.
2. Click "Download Now" under "Help Spread the Word" at HouseLogic.com/members.
3. Pick the widget shape that best suits your website or blog – horizontal, vertical, or box.
4. Choose the number of articles you'd like to display in the widget at a time – up to four.
5. Copy the HTML code and paste it into your site.

HouseLogic is consumers' single source of information to increase, protect,
and maintain the value of their home.
